Procedure:

1. Send a letter to parents asking them to discuss and record with their child the main events for each stage of their life (0 - 2, 2 - 4, 4 - 6, 6 - present). Let parents know that the pictures will be cut up and glued or can be photocopied for the activity
2. Highlight important events on enclosed “Timeline of Events Leading to Treaties in Saskatchewan” (Appendix K) in class discussion. Students need to have an understanding of the Sacred Number 4.
3. Using 11 x 17 paper (labelled “Timeline of _____” with centre line drawn across), have students fold in half and then half again to create 4 sections.
4. Have students label the years. At each labelled year, make a notch mark.

- (0 – at beginning,
 - 2 – at 1st fold, 4 – at 2nd fold,
 - 6 – at 3rd fold,
 - Present – at end).
5. Using parent/student homework, have students fill in information for each section. Then students glue in or draw pictures to go with each section. Label pictures after.
 6. You may wish to have students present to the class afterwards.
 7. Display timelines.
